2017 Subject contributions

Tomorrow most of our Year 6 students will be heading off on their Orientation Day to their new Secondary School. This is an important step in moving from Primary to Secondary and is a chance for them to be exposed to their 2017 surroundings. We will also be undertaking our own transition day with four year old children joining us for the morning. Other children will be spending time with their new teachers and getting a feel of what is to come. In 2017 we are moving classes around a little in readiness for the new buildings and also to create a Senior Zone for our older children.

Enter today in a special Christmas colouring competition. Entry forms are at the office along with the drop off box.
